✦ ECLA Code: None

✦ Priority Number: 2001-04- CN2001000114663

✦ Abstract: The comprehensive leakage protection plug is used to prevent electric shock and fire caused by missing earthing line, leakage, etc. effectively. By means of microelectronic technology, various functions are integrated into one small compact structure and the protection socket has electromagnetic switch. The present invention has compact structure, small volume, low cost and very low power consumption. The protection socket as one "direct connection" type protector is suitable for use in electric drill and other electric tools with metal casing.
